

Intermediate Bulk Container (IBC)

Product Info:

If you need to safely store and transport large quantities of liquids, then IBCs (intermediate bulk containers) are one of the most effective packaging solutions on the market.

Our 1000 litre bulk water container is fitted within a steel cage for strength and durability.

Complete with an outlet tap for emptying and stackable up to 3 units high, even when full.

Our IBC is compatible with our Jumbo Bund spillage management solution.

Key Features:

- Sturdy Steel Cage Frame
- Fully Stackable
- Outlet Tap for Ease of Emptying
- Ideal for Restricted Spaces
