

Eximo Litter Bins

Product Info:

Available as a single unit, which can stand against a wall or a double back to back unit for increased capacity or to separate general and recycling waste, the Eximo bin allows for maximum flexibility.

Hygienic & environmentally friendly options, along with modern, attractive and traditional designs.

Personalisation, branding and various colours are available.

With a capacity of either 90 or 180 litres, Eximo bins are ideal for a variety of locations.
