

## Stillage

### Product Info:

Oaklands barrier stillages can be used to safely store or transport plastic Chapter 8 or 2.3 metre pedestrian barriers.

Our heavy-duty steel stillages can be set up with ease by securing each corner pole into a spigot.

Barriers are safely stacked onto the stillage ready for simple deployment to site.

### Key Features:

- Powder Coated Steel Construction
- Compatible with Steel or Plastic Pedestrian Barriers
- Easy to Set Up
- Perfect for Storage or Transportation
- Stackable
- Stores up to 50 Barriers
